G.O. No. 2284

Dated 30 6 48

[Despatch Abstract.]

Drugs - Rule 71 of the ____ ____ Rules - Supervision over manufacture by competent technical staff - Government of India's letter - Communicated.

No.847-DS/48.
Government of India.
Ministry of Health.

New Delhi, the 17th June, 1948.

From

J.N.Saksena, Esquire, B.A.,
Assistant Secretary to the Government of India,

To

The Secretary to the Government of
Madras, Education & Public Health Department,
M A D R A S .

Subject: Rule 71 of the Drugs Rules - Supervision over manufacture by competent technical staff.

Sir,

I am directed to say that Rule 71 of the Drugs Rules requires that manufacture of drugs other than those included in schedules C and C(1) must be conducted under the active direction and personal supervision of a competent technical staff consisting of at least one person possessing the qualifications prescribed for the purpose. A point has been raised whether such a person may be permitted to supervise the manufacturing activities at more than one institution.

2. Rule 71 does not lay down that a person possessing prescribed technical qualifications should be employed on a wholetime basis for each manufacturing concern Further, due to the acute dearth of qualfied personnel, it may not be possible at this stage to find the requisite staff for each factory separately. In the circumstances it is considered that in the initial stages of the administration of the Drugs Act in the provinces, the employment of a technical person by more than one manufacturing concern should not be debarred but that each case should be considered on its merits. Whether a technical person should be employed in a Factory on a wholetime or part time basis should be determined after taking into consideration all the factors e.g. the nature and number of products manufactured, the output of the factory etc.

I have the honour to be,
Sir,
Your most obedient servant

Sd/ Saksena.
Assistant Secretary.

Government of Madras.
